DESIGN BY F·A·PORSCHE

- Up to 500GB of storage
- Save photos, MP3s & videos
- Stackable to save desk space
- Hi-Speed USB 2.0 or FireWire connection

## World-famous design

Exclusively designed by the renowned design agency Porsche Design GmbH, the LaCie Hard Drive exhibits world-class style and performance. The result of decades of technological expertise, these drives feature state-of-the-art design and awesome performance.

## High-speed downloads

Available with either a Hi-Speed USB 2.0 or FireWire interface, the LaCie Hard Drive offers the fast interface transfer rates (up to 480Mbps/s using Hi-Speed USB 2.0 connection) that are required for jobs like downloading digital photos, saving MP3s or transferring home videos from a camcorder.

## Backup your system

With room to store up to 500GB, you can back up your entire system or add extra storage space when your internal hard drive is full. Built to be lightweight and durable, these drives can be easily moved for sharing and exchanging of files.

## Easy to use

This drive offers nearly effortless setup and is ready to use just seconds after removing it from the box. Secure rubber feet allow drives to be stacked, so you can get the most out of limited desk-top space.
